ABOUT US

The desire to become active and to get involved in the course of electrical goods was the decisive factor in the foundation of KTC Group. Since then we are striving hard to give high quality product solutions to create a comfortable, functional yet efficient work environment with everlasting client relationships.

In short, we introduce ourselves as one of the leading distributors of electrical goods in Nepal. Started with diminutive business in Biratnagar, Eastern part of Nepal in the year 1974 AD, today we are the leader in the field of domestic and industrial electrical products in the country. In the short span of time, we have spread throughout length and breadth of the country.

PERFORATED TYPE CABLE TRAY

We offer the most extensive range of perforated type cables trays, which are used for the installation of cables, smaller & controlled cables. These trays can accommodate large number of branch lines and have high load-bearing capacity. These cable trays are also available with covers. We can also customize the products depending upon the specific requirements.

LADDER TYPE CABLE TRAY

The Ladder Type cable offer strength and high capacity and thus are well suited to heavy duty power distribution in industrial facilities. Ladder, however, do not offer either wire and cable management flexibility of perforated type cable tray, since it is a ladder type cable tray. Its size can vary as per the client requirement. These ladders type are made out of MS Angle & MS Flats.

RACEWAY

Our raceways offer perfect solutions for Networking wiring management systems. Contemporarily designed and affordable, the raceways are functional for wire enclosure applications in commercial, industrial and residential environments. These raceways are installed in schools, hospitals (laboratories, MRI, OR, ER) offices, warehouses etc. because they maximize system performance while optimizing costs.

RACEWAY JUNCTION BOX

Our organization specializes in offering a wide range of Raceway Junction Boxes which has a unique specialty of providing security and access to wiring. These boxes are extensively used for connecting wires and also allow easy access when repairing is required. Made from high grade war material, our junction boxes are corrosion, resistant and have high load nearing capacity.

PERFORATED TYPE CABLE TRAY ACCESSORIES

We manufacture Vertical, Horizontal Bend, Elbow, Tee and Cross for Perforated Cable Trays which are exclusively designed for standard support, Bends are tested for quality on all stages of production. We also offer customized solutions as per the client's specifications. these are available in different sizes as demand of customer.

CABLE TRAY ACCESSORIES

We are manufacture of Ladder Cable Tray Accessories to our clients which facilitate installation of cable tray in various industries, our cable trays Manufactured as per the preset standards, these can be customized as per the requirements of our clients. Our range includes vertical bend, horizontal, cross and horizontal Tee..
